

# CLT Alliance COVID-19 PULSE CHECK

---

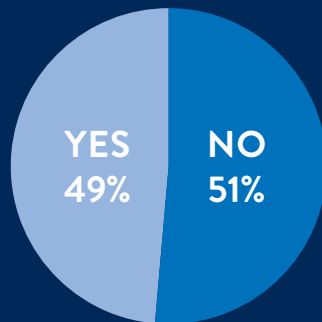

Are you concerned about attending public business events due to the risk of Covid-19?

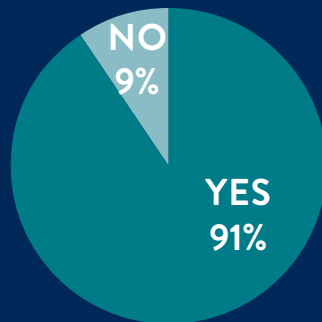

Have you or your company decided to suspend domestic trips requiring air travel?

Would you be more likely to attend an event of a **small number**?

Would you prefer that event protocol encouraged all who participated to **bypass the normal traditions** of handshaking, hugs, or other contact?

Would you prefer to replace non-essential meetings in person with a **virtual, call in, or other online experience**?
