

## CHARLOTTE REGIONAL PUBLIC POLICY COUNCIL 2019 - 2020

The Charlotte Regional Public Policy Council "CRPPC" is a collaborative effort to convene regional stakeholders on topics of mutual impact. We are focused on unifying the region's policy voice in spaces like transportation, infrastructure, economic development and education.

Together, with your support we will tackle issues of regional significance. As a partner in CRPPC, sponsors will have the opportunity to weigh in on meeting topics, advocate issues of importance and contribute to the success of our region.

Join us in making a difference by taking this call to action.
